The market has bounced off the support from the succession of Prior Highs.

The bulls will have breathed a sigh of relief.

Eurex EuroStoxx 50 weekly Jun 22 futures chart

But this is less encouraging for the bulls.

The important resistance is the original completion level of the Double Bottom ... the bulls needed the market to penetrate that and for the moment **it looks to have failed at the first test of the bulls resolve.**

More

Stocks: Eurex EuroStoxx 50

Eurex EuroStoxx 50 daily Jun 22 futures chart

In the day chart the important levels are the horizontals from the Prior Lows at 3919/14.

Cautious bulls will wait for both the falling diagonal and the horizontal to break.

Bears on the other hand will be watching carefully at the support at 3724.

If that breaks then the retracement will look very vulnerable.
